Mr. and Mrs. A. K. Franklin, old time residents of Didsbury, celebrated their 50th wedding anniversary on March 28th. Mr. and Mrs. Franklin came to Didsbury the latter part of 1904 and have resided in town ever since, with the exception of a short time west of town.

Their three children and

Board Cut Estimates--Clean-up Week

The town council held a regular meeting on Monday night in the new schoolhouse. This is the first time for the last two or three years that the Council has met in a room of the schools, and the change back to the old procedure made it much more comfortable.

Discussion of licenses and estimates took up most of the evening. The school board estimates have been brought down about \$1,500.

The Council passed a resolution asking the townspeople to

How's Business?

Advertising, backed up by the the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Wannmaker the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

A WORD TO THE PUBLIC

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have higher prices.

Shops which are illuminated by advertising court with full confidence your favor.

Shop Where You are Invited to Shop

Five hundred and sixty normal students will graduate on the 15th of April and not more than one-quarter of them have positions and the prospects of any considerable number in addition getting located this year are not at all good according to reports from Calgary.

LONDON, April 4.—The decision as to the question of lifting the embargo against Canadian stock cattle will be left to the free vote of the house of commons, it was announced Monday by Austen Chamberlain, government leader, amidst cheers.

CHARITY AND GOOD BUSINESS

Three cents a day, twenty-five cents a week, one dollar a month will supply sustenance for one child in the famine districts of Russia. That being so, can one afford to withhold support from the Save the Children fund?

Three cents a day is a paltry sacrifice. Yet it will restore to wealth one of the starving little ones of the Volga provinces of Russia. There is more than charity in this great movement. It is good business. The world will not come back to its previous state until the devastated countries of Europe are in a position to produce and buy.

It is good business as well as good philanthropy to help restore Russia. The drought-stricken provinces contain a population of more than 33,000,000. Generous aid given now will prevent the decimation of those provinces and it will assist in bringing that great country back to a condition of something like normality. Canadians should help out of the abundance of their resources.

We are suffering from economic stagnation, a consequence of the war, but now here been suffering from the absolute want of the necessities of life. On the ground of humanitarianism alone Canadians should dip into their savings and prevent the appalling catastrophe which threatens the lives of 33,000,000 human beings.

Send your subscription to Sir George Burn, Treasurer of the Save the Children Fund, Elgin building, Ottawa, or send it to either of the local banks or even bring it to the Pioneer Office and we will see that it reaches the right destination.—"Inasmuch as we did it unto one of these we did it unto me."

600,000 COAL MINERS NOW OUT ON STRIKE

The big coal strike which has been reported as pending all over the U. S. and Canada went into effect on Saturday and it is reported that 600,000 miners are out including both countries. The miners demand a new wage scale and conditions of working which the operators say is unreasonable. J. L. Lewis, President of the Miners, is now in Washington attending a congressional committee to testify regarding the strike issues. The strike will have far reaching effects as almost all lines of industry will suffer unless it is speedily settled.

Conditions in Alberta

The miners of Alberta, about

G. Drinnan, of Edmonton for the operators; and W. E. Knowles, of Moosejaw, has been appointed chairman of the Board by the Federal government.

PREMIER MARTIN RESIGNS REGINA, Sask. April 4.

Ford Cars and Service

We take pleasure in announcing that we have completed arrangements to handle

Ford cars, Trucks and Fordson Tractors

for the Didsbury district, and we also have on hand an excellent assortment of genuine Ford repair parts.

It will be our policy in the future to stock only Genuine Ford Parts. There has recently been a considerable reduction in the prices of many Ford parts which means a still further reduction in Ford upkeep costs.

Our equipment for Ford repair service is one of the most up-to-date and complete in this district and all work is done by the same methods and at the same prices as in best city service stations. Let us quote you on a new Ford car or truck. Automobile prices are very near rock bottom now and there is every prospect that Ford deliveries will be slow before mid-summer.

New Information About Gas Tax

It was reported in last week's Pioneer that the new gasoline tax was to have been put into force and collected as from April 1st. This information was received from reliable sources but evidently some changes have been made.

In conversation with Mr. W. G. Liesemer of Liesemer's hardware store, the Pioneer learns that this tax will not be put on before May 1st, and that it is not known yet whether the collection will be made by the retail dealer or added to the cost of gasoline by the wholesaler. Mr. Brownlee is to be in Calgary in a few days to arrange matters.

AROUND THE TOWN

Continued from page 1

Miss Irene Rodaway left on
Sunday for Calgary where she
has procured a position in an
insurance office.

"Deacon Dubbs", a play be-
ing put on under the auspices of
the Cassandra Rebekah Lodge,
in the Opera House on Friday
night is well worth attending.
The humorous situations pre-
sented provide a good clean eve-
ning's entertainment and the
show should be supported by the
public.

The ladies of the town will
hold a whist drive in the Opera
House on Thursday night, April
13th for the purpose of clearing
off a few small debts on the
Nurses Home. Admission will
be 75c and it is hoped that every-
body will support the drive.

The W. C. T. U. will hold their
regular meeting at the home of
Mrs. Mueller on Tuesday, April
11th at 3 o'clock. Two inter-
esting topics will be read. A
hearty invitation is extended to
all.

Mr. H. Reimer is moving the
O. K. Restaurant to the former
Western Mutual offices where
besides his usual good line of
meals he will serve ice cream,
cigars, etc. Mr. A. C. Fisher
who has been occupying these
offices is moving upstairs in the
Opera House.

Prospects for early seedling
are certainly bright. The fast
disappearance of the snow and
the resultant moisture has put
the land in fine shape. April
and spring fever has started a
whole crop of fishing plans and
other summer activities.
